
David Bowcott Global Director – Growth, Innovation & Insight, Global Construction & Infrastructure Group

David oversees growth strategy for Aon GCIG worldwide. To fuel global growth, David has been given jurisdiction over generating innovations and insights for Aon's clients using the market-leading volume of business Aon transacts within the construction and infrastructure sector. David's primary focus is utilizing his position to develop industry-leading tools and methodologies to allow clients to achieve optimal risk profiles for their projects and their operations.

David has been with Aon since 2002 and has close working relationships with several global contractors, developers, design firms, subcontractors, and owners. In the previous role as National Director of Large/Strategic Accounts for Aon Construction Canada David helped secure 13 of the top 15 Canadian contractors as clients and has further helped to secure appointment as risk advisor and broker for numerous mega projects (over 50% of Top 100 projects and over 80% of all Canadian P3s).
