
Jesse Devitte Managing Director & Co-Founder

Jesse is a co-founder of Borealis Ventures and a member of the firm's Built Environment Investment Team. He leverages his hands-on operating experience and industry contacts to nurture innovative companies applying technology to design, build and improve our world.

Jesse serves as a Mentor for MIT's DesignX Accelerator for the Built Environment, the Urban-X Accelerator Engineering the City as a Service and Stanford CIFE's Students Addressing Built Environment Challenges program. Prior to co-founding Borealis Ventures, Jesse served as an executive in two public application software companies - Softdesk EVP/President and as the Autodesk VP of AEC
